FROM THE DESK OF PRINCIPAL

It is a matter of great pleasure for us to bring out the E-Newsletter showcasing the various activities conducted in the Primary Section at Vidyalaya, Cluster and Regional Level under CMP. I am sure that this E- Newsletter will help to keep everyone informed about the activities of the Vidyalaya and provide congenial atmosphere and gives platform for the students to express their talents through online mode.

The scholastic and co-scholastic curriculum apart from installing knowledge, imbibes rational thinking, empathy, tolerance and understanding of life. Positive dreams are created in the mind where the imagination is remained stronger and focused. Imagination lead to thinking and thinking leads to creativity.

E-Newsletter will be a medium for exploring talents and to reach out to the stakeholders effectively the school activities and achievement. It drives the budding artist in search of knowledge, experience, adventure and thrill of joy. It will encourage the students to progress socially, acquire knowledge, gain skills, become independent and cope up with the emerging challenges of globalization.

With best compliments.....
